

SPECIAL FEATURES OF SJCET

SCIENCE & TECHNOLOGY EXHIBITION

YOGA AND MEDITATION

SJCET provides Yoga and Meditation training to all students to improve their concentration and personality traits.

LEARNING SKILLS DEVELOPMENT

SJCET trains students to develop better learning skills and study habits.

JOB SKILLS DEVELOPMENT

SJCET trains not only to get a good degree but also to secure a challenging job.

WELL-TRAINED TEACHERS

SJCET is the only Engineering College in Kerala where all the teaching faculty were trained by the Indian Society for Technical Education on teaching techniques.

FREE TUITION AND COACHING CLASSES

SJCET Provides regular free tuition and coaching to all interested students to overcome subject deficiencies.

PREPARATORY COURSES

SJCET starts classes 2 weeks before normal classes commence in the college to introduce our students to important first year subjects like Engineering Graphics and Engineering Mechanics so that they will feel quite confident in attending regular classes later.

EXPOSITION OF THE EXCEPTIONAL

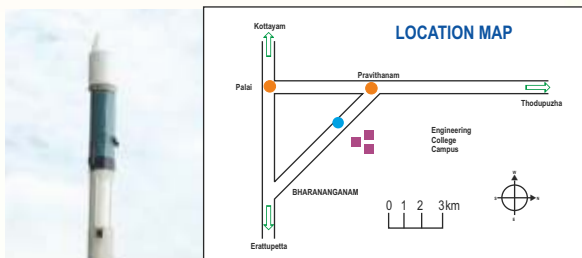

CYNOSURE

THE TECHNICAL EXHIBITION

MODERN DEVELOPMENTS IN
ENGINEERING & TECHNOLOGY

FEBRUARY 09th, 10th, 11th 2012

- College laboratories & other facilities will be thrown open to the public
- Exhibition of selected student projects
- Stalls by leading science & technology institutes
- Cessna Air Craft
- Flight Exhibition of aircraft models
- Auto show with super bikes and luxury cars
- Rifle exhibition
- Book exhibition
- G.S.L.V. Rocket Model
- Heritage Diesel Engine
- Weather Measurement system
- Exhibition of latest electronic and automatic equipment

ST. JOSEPH'S COLLEGE OF ENGINEERING & TECHNOLOGY, PALAI

Affiliated to M.G. University and approved by AICTE ISO 9001:2008 Certified

Under Graduate Courses

- * Civil Engineering
- * Mechanical Engineering
- * Computer Science & Engineering
- * Electrical & Electronics Engineering
- * Electronics & Communication Engineering
- * Applied Electronics & Instrumentation Engineering

Post Graduate Courses

- * Master of Business Administration (MBA)
- * Master of Computer Applications (MCA)
- * M.Tech in Mechanical Engineering (AMPM)
- * M.Tech in Computer Science and Engineering
- * M.Tech in VLSI and Embedded Systems

Major Features

- Managed by Catholic Diocese of Palai, with excellent track record in higher education.
- Modern Library with printed and digital books, acclaimed as best by AICTE.
- Measurements Laboratory with computerised Coordinate Measuring Machine.
- Advanced Machine Tools Laboratory with CNC Machine.
- Other Mechanical, Electrical, Electronics, Instrumentation, Civil and Computer Laboratories with advanced equipment and experiment systems.
- Energy conservation and management systems adopted by the college, which earned many state level awards.
- Research laboratory doing work on alternate energy production, advanced engineering materials, advanced electrical lighting systems and computer based learning management systems.
- Automobile museum, heritage diesel engine, scale model of GSLV rocket, etc.
- Advanced testing and certification laboratory for building and construction materials.
